

DATA SHEET

A major foundation of effective corporate learning development is the ready availability of high-quality learning content for the full range of enterprise needs. SkillSoft offers the largest collection of online courses and complementary resources in the industry, covering a wide variety of business, IT, desktop and compliance subject areas. SkillSoft's content is packaged in multiple levels to appeal to organizations of any size or learning budget, from all-encompassing SkillChoice solutions to custom collections defined by title.

SkillChoice™ Solutions

SkillChoice solutions offer the broadest range of resources and coverage, and the best value on a cost-per-resource basis. By combining online Referenceware® by Books24x7®, interactive courseware, hands-on simulations, live mentoring support, Express Guide™ manuals, TestPrep exams and a multitude of other resources, SkillChoice solutions offer maximum support for formal training and day-to-day informal learning needs. Organizations licensing SkillChoice solutions receive updated courses, Referenceware and other resources for the duration of the license.

Collections

For customers that would like to focus on either the formal or informal learning aspects of their programs, SkillSoft courseware collections and Referenceware Collections by Books24x7 are available with broad coverage of business skills, IT skills, desktop skills and much more.

Courseware collections provide in-depth coverage of business and technical areas with a combination of interactive courseware, rich simulations, live mentoring, certification-focused Express Guide manuals, TestPrep exams and more.

Referenceware by Books24x7 is the largest online book resource offering unobstructed access to the complete unabridged content of thousands of the latest and best business and technology books, as well as to expert summaries of popular business books.

Solution Areas

Solution areas are designed to provide full courseware coverage for targeted learning needs within an organization. Solution Areas include all courses, along with any available SkillSimulations, Express Guide manuals, TestPrep exams, mentoring, job aids or SkillBriefs in a particular area.

Custom Libraries

For the ultimate flexibility, organizations have the option to mix and match combinations of any of the above content packages. Additionally, organizations may choose to create their library or build upon their existing library, by selecting resources title by title from the full assortment of available courses, SkillSimulations, Express Guide manuals, TestPrep exams and mentoring.
